

Assignment 2: ER DIAGRAM

The actual diagram is a union of the below two diagrams. Due to space constraints we could not accomodate all relationships.

INTERPRETATION OF SRS:

ISSUES WITH THE SRS:

1.Calls Same Relationship,multiple times.i-e

Customer-Order-Resturaunt-Delivery_Man

Customer-Order

Resturaunt-Order

Delivery_Man-Order-Resturant

Delivery_Man-Order-Resteraunt

2.Payment is mentioned as a Weak entity but it has a Well defined key(Primary Key).

3.Ambiguity in subclass.No special Attributes defined.
